

VANHEE - DECOSTER (Jabbeke - B) TOP RESULTS ON THE LONG DISTANCE RACES THANKS TO THE STRONG BASE OF GEORGES LIDOU PIGEONS !

Monday 22 January 2018

People from West-Flanders are worldwide known as diligent, hard workers. The pigeon colony from the man/wife tandem Vanhee-De Coster meet these criteria wholeheartedly. From the first to the last race they manage to be on an extreme high level. And this for decennia long. When you have a good look at their 'Golden Framework' you notice that their first highlight was already in 1995, this with a 25th national out of Barcelona. Twenty years later, in 2014, they almost reached the ultimate goal. The sympathetic couple stranded with their pigeon 'Klakke' on the 2nd national spot. Underneath this article you can find their 'Golden framework'.

Pigeons as a hobby, it almost couldn't be any other way.

If you know that both the father of Franky Vanhee as from Karine Decoster were pigeon fanciers, it couldn't hardly be any other way or the pigeon sport would fill in their free time as well. At the beginning it was mostly short distance and small middle distance. As from 1992 Franky Vanhee and Karine Decoster went for the long distance races and immediately with success.

The now 65 year old Franky has been retired for about 8 years now. When you ask him which work he used to do, his eyes start to twinkle. Franky went every day with pleasure to his work as an overman at the department prototypes of the company New Holland (producer of agricultural vehicles). So secure and inventive he used to be at his job, so professional is his work with his pigeon colony. This with the known consequences namely top results !

The years 1993 and 2003

These are two critical dates for base of the strain of Vanhee-Decoster. In those years Franky went to his good friend and West-Flemish grandmaster Georges Lidou from Ichtegem to strengthen his loft. The current colony still exist of about 80% of these blood lines.

Legendary is the SUPER couple 3244047/03 “Georgio” x 3209809/02 “Zwalperduivin”. The list of top pigeons that were born out of this couple is impressive; the Brive” 13° Nat./17446b, the “Tulle” 5° Nat./7467b, “Georgio Junior” 46° Nat. Poitiers, the “Nestpender” father to “Bart” 3° Prov. ace bird WFL, mother “Kavezitter” 12° ace bird KBDB long distance year birds 2013, “Xandrina” 2° Prov. Ace bird Long distance WFL 2007, the “3179321/05” that is on his turn a top breeder, “Georgio’s jongste”, “New Lidou”.....Also the father of “Super Georges” 3069096/08 (this crack won in 2010 4th ,5th ,6th and 13th national) and “Yana” 3114523/09 (3rd Ace bird Long distance WFL 2009) is a child from the SUPER breeding couple.

You don’t have to think that you can find a gigantic breeding loft in the Ettelgemstraat in Jabbeke. No, on the breeding loft there are 8 couples. The base is Lidou accomplished with a grandson ‘Yvan’ from the Herbots Bros. Also through co-breeding with Chris Hebberecht and Ronny Desmet (both the co-breeding was with ‘Yana’) the best got onto the lofts in Jabbeke. The last asset that proved its value immediately comes from Gino Clicque from Wevelgem.

“Super Georges” and “Yana”

Both “Super Georges” and “Yana” have written history in the national pigeon sport in their own way. What ‘Super Georges’ did in 2016 is still unique! His palmaris in 2010

- 4th National Limoges 5667b.
- 5th National Souillac 7,045b.
- 6th National Limoges 10,448b.
- 13rd National Chateauroux 17,109b.

Full Brother of "YANA" B09/3114523
3° Ace-Pigeon Young Birds Long Distance
KBDB W-VL 2009

Having great results is one thing but being able to set your mark on different breeding lofts at national top racers is even a bigger gift. This is something set only for the best of the best. ‘Yana’ is one of them. She became herself 3rd Provincial Ace bird long distance in 2009 but the eggs she laid seemed to be of a golden value. Her most important breeding results :

-With “Ronny King” she has a 1st prize racer out of Bourges: the “Yany” 3017253/13 , who is already is on his turn father of “Karina Junior” 3020635/15 1° Nat. Zone A1 Argenton 2016.

-With “zoon Souillac” 3188060/03 she got “Kwiwi” 3094366/11 who won 23° Nat./9,548 bLa Souterraine, also with “zoon Souillac” the “zomerjong uit Yana” 3094426/11, who is father of “Kavezitter” 3014536/12 and who became 12° ace bird Long distance KBDB year birds 2013. Out of this “Kavezitter” 3014536/12 came ” Nitje” 3022349/14 1°/342 on Bourges 2016 and “Issou Kaafje” 3017236/13 1° Nat. Zone A1 Issoudun 2015.

B12-3014535 ♂
"Kavezitter"

Won:
12th National ace KBDB Fond year birds 2013
13 National Libourne 6,134b. 735km
44 National Souillac 3,614b. 708km

Is a full brother of "Sister Kavezitter"
"Sister Kavezitter" B12-3014535 won
17th National Poitiers 13,135b.

Is a son of
"Zomerjong Yana"
x "Schoon Blauwtje Georgio"

-With "Ike's Dream" 4327645/10 from Chris Hebberecht she has "Keno" 4302255/12 who became this year 8° Ace bird KBDB Long Distance old birds at Chris Hebberecht. With this same "Ike's Dream", she is in Jabbeke already great-great-grandmother from Violetta" 3020633/15 who won this year 1°/218b from Bourges and 1°/115b from Montluçon.

-With her father "3179321/05" she has got a daughter "Inteelt Yana" 3022361/14. This hen was coupled against a grandson "Yvan" Herbots and this year two super pigeons were born out of them. "Yvanov" 3026255/16 who races 8x per 10 on 11 races and "Yanagold" 3026291/15, 12° Ace bird GMD Youngsters KBDB 2016.

THE "GOE KOPPEL" FROM LATE GEORGES LIDOU

The red wire in the pigeon strain Vanhee Decoster is "Goe kweekkoppel" from late Georges Lidou Ichtegem ; **cock 3311005/95 X hen 3151722/95**

At Georges 'loft this "Goe kweekkoppel" got underneath descendants:

In the 1° Generation; the "Brive" 3058099/01 in 2004 from Brive I : 3° Nat./19,477b.

In 2004 from Brive II : 5° Nat./7,446b.

In the 1° Generation; the "Cahors" 3173798/99 in 2006 from Cahors : 5° Nat./6,665b.

In 2007 from Cahors : 17° Nat./5,892b.

In the 2° Generation; the "Souillac" 3059960/00 in 2006 Souillac : 9° Nat./ 6,457b.

In the 2° Generation; the "AS" 3059959/00 in 2003 Limoges I : 3° prov./2,876b.

In 2003 Limoges II : 24° prov./2,893b.

In 2003 Angouleme : 2° prov./1,764b.and became 1° prov. ace

At Joel Verschoot Ingelmunster the "Goe kweekkoppel" gave underneath pigeons:

In the 5° Generation; "Harry" 3082539/10 in 2014 :8° Nat. Ace bird Long distance KBDB

In the 4° Generation; "Cees" 3048658/11 in 2013 Brive : 1° Nat./8,337b.

In the 6° Generation; "Agen" 3041931/12 in 2013 Agen : 1° Nat./5,313b.

In the 4° Generation; "Suzanne" 3004524/14 in 2016 Pau : 1° Nat./1,661b.

In the 5° Generation; "Jip" 3006100/15 in 2016 : 3° Nat. Ace Long distance YB KBDB

In the 4° Generation; "Nopri" 3003068/13 in 2017 : 2° Nat. ace Allround KBDB

In 2017 :6° Nat. Ace long distance KBDB

At the Schreel family in Zedelgem the “Goe kweekkoppel” gave:

In the 4° Generation; ”blauwe Brive” 3017553/12 in 2014 Brive : 1° Nat./ 5,287b.

That same race our pigeon “Klakke” 3014521/12 won 2° National

The “Klakke” 3014521/12 is in 4° Generation also one from the “Goe kweekkoppel”

At Chris Hebberecht “Goe kweekkoppel” gave:

In the 5° Generation; “Keno” 4302255/12 in 2016 :7° Nat. Ace Long Distance KBDB

This pigeon was a co-breeding with a pigeon from Vanhee-Decoster namely “Yana” 3114523/09

Conclusion: The “Goe kweekkoppel” even gives in the 7th generation top pigeons, and to call them super breeders isn’t exaggerated at all. The Vanhee-Decoster pigeons were crossed in for years without any input from any strange breed. Only as from 2012 they started to cross in with other strains with excellent results.
